### About Veritas

Veritas was founded by Marlin and Laurie Detweiler in Lancaster County, Pennsylvania for their children and the children of all who want the best Christian education available. At Disney, customers are known as *guests*, at Augusta National Golf Club, the home of The Master, spectators are known as *patrons*. At Veritas customers are *family*. We view the trust our families give us to help educate their children as a sacred one. For the past 20 years, we have consistently maintained this commitment.
