<sup>1</sup> Examples include servant leadership, interviewing for success, successful recruitment tactics, employee discipline, social media in the workplace, and tips for LinkedIn success.

<sup>2</sup> HR Professionals take turns each month bringing an issue to the forum for brainstorming and resolution development, and will be subsequently accountable to the forum members regarding their agreed upon goals and objectives.

<sup>3</sup> Each HR Professional will give a brief personal and business update to the group at each month's session. If they have presented their issue at a prior meeting, they will update the forum members on their progress.

<sup>4</sup> Each month, one HR Professional participant will be chosen to bring a biblical perspective to the group through their study of scripture.
